Edition 3, Term 4

## From the Principal

Independent Schools Queensland (ISQ) has provided the following reflection on the forthcoming State Election and its significance for education and for independent schools like WestMAC.

### Parental Support for Schooling Should be Top of Mind for Politicians this Election

Amongst the busyness of end-of-year exams and events, Queenslanders will elect their next State Government.

For parents of school-age children, it's already a hectic time of year that demands every ounce of our energy and every moment of our attention. Finding time to read and analyse election policies may not be top of our priority list. Independent Schools Queensland has created a dedicated [2017 State Election web page](#) to keep independent schools and their communities informed about the latest election policy announcements on education.

The government formed after the 25 November election has an opportunity to set a new long-term education reform agenda that sets young Queenslanders and this state up for the future. Visionary reform requires political will and leadership because the fruits of change in education take time to bear.

Lifting system-level results, even incrementally, takes sustained and ongoing effort. Evidence-based education policies take time to craft, trial and implement. Queensland's major education reforms of the past decade, including the 'learning or earning' laws, the Prep Year and moving Year 7 to high school, had a four-year lead time.

The ground work needed to support the most significant overhaul of senior schooling in more than 40 years has also been extensive. Year 11s in 2019 will be the first to experience

the new system – five years after a review report and recommendations were handed to government.

Queensland has strong education foundations and a workforce of talented and dedicated educators. Policy makers should spend more time looking inward, at independent schools like ours, than outward for evidence of education practices that are driving student achievement.

Much has been made of Australia's declining results in the Programme for International Student Assessment (PISA). However, an examination of the results of Australian independent school students reveals they achieved results that put them first in reading and second only behind Singapore in science.

The independent schooling sector plays an important role in developing Queensland's human capital and contributing to its economic prosperity.

The value parents in independent schools place on education and the investment they make in our children's schooling reduces the tax burden and the cost impost on governments. By not taking up a fully-funded place at a state school in Queensland, children in independent schools save taxpayers in the order of \$1 billion a year in both recurrent spending and building costs. This is a critical point that is sometimes lost in education policy debates.

I encourage you to let your local candidates know about the important role played by our school in educating future generations of Queenslanders and the valuable contributions parents make to the provision of quality education choices in this state.

### Farewell Year 12

At this time of the year there are many mixed emotions amongst the Year 12 students. For many, school has been a 'security blanket'; the one constant in their world of variables. It is okay to be feeling anxious about the unknown. You will navigate through and learn more and more about who you are and what you are capable of with every new experience you have. I encourage you all to make the ordinary come alive and marvel at the simple pleasures life has to offer. Be conscious of all that is happening around you. Take the time to do this and an extraordinary life will ensue. All the best Year 12!

One final thought, which is best depicted by the wonderful cartoon below, taken from 'Motivating Giraffe', created by Penny Redshaw; next week 'it's okay to cry'.

It's okay to cry.

### Young Sandstone Leaders Conference

The Young Sandstone Leaders Conference was held on Saturday 28 October at Bond University. There was a particular focus on embracing and enhancing the journey of leadership, through collaboration with students of other schools. A variety of hands-on and group discussion activities encouraged us to think creatively and strategically to solve problems. In a particular activity, we shared how our school creates a sense of spirit. WestMAC students brought up the idea of 'Spirit Assembly' which was received with great interest among other schools. Overall, the day was a great opportunity to reflect on how we think and we could work effectively as the potential leaders of 2018.

### World Kindness Day

Monday 13 November is gazetted as World Kindness Day. This is a day to celebrate our role as global citizens. I encourage you to discover and celebrate the many similarities (and differences) between yourself and others from different nations and cultures. As Archbishop Desmond Tuto said: Do your little bit of good where you are, it's those little bits of good put together that overwhelm the world.

## Uniform Shop Opening Times – School Days only

The Uniform Shop will be open on Saturday 25 November 2017 from 9am to 2pm and will cease trading for the year at 3.30pm on Wednesday 29 November 2017.

To avoid the January back-to-school rush and stock shortages it is strongly recommended that you consider organizing your 2018 uniform requirements this year. A serving window will operate when the shop is busy. Customers who would like to enter the shop will then be given a number.

For information about 2018 back-to-school including opening times please refer to the Uniform Shop section on the [College website](#).

## Lay-by

Uniforms can be placed on lay-by at the Uniform Shop. A minimum 10% deposit is required and lay-bys commenced this year must be picked up by Thursday 1 February 2018.

## Blazer Pockets

Embroidery needed for Middle School Presentation Night needs to be at the Uniform Shop by Monday 13 November 2017.

All 2018 Year 9 and 12 student leaders need to organise their leadership embroidery lines before the Uniform Shop closes for the year on Wednesday 29 November. If the request is not received this year there is no guarantee that the pocket will be ready for their induction ceremony at the beginning of 2018.

All 2018 Year 6, 9 and 12 student leaders should also purchase/order their wool-felt hat before the Uniform Shop closes for the year to ensure that they will have one for the start of the 2018 school year.

## 2018 Book and Stationery Packs

In relation to the 2018 Book Lists please note that:

- The Uniform Shop does not organize the book and stationery packs. The shop only sells the items on the lists that are indicated as being available at the College Uniform Shop.
- The 'Student Wall Planner' and/or 'Red Tick Study Planner' that are on the Year 7 and 11 lists are not required.
- Year 7, 8 and 9 students can have a small or large satchel. The small satchels are \$16.00, not \$14.00 as on the lists.

- The 'WMAC HPE Navy Polo Shirt' required for Dance student is the old sport polo. This polo can only be worn until the end of next year. Students now purchase a new 'HPE House Polo' instead.
